DON'T MISS THIS- -

By error our Holland Bulb growers shipped us four times the quantity of Gen De Wet tulips we had ordered. Gen De Wet is the tallest, newest and the best single early tulip on our list but at this late date we doubt whether a mere announcement about their superiority will sell them. Our Holland grower has therefore authorized us to "sell at best price possible", and 50% discount is our decision.

The Catalog Price on Gen De Wet is \$18.00 Per C; while they last we will ship at \$9.00 Per C; 20 or more bulbs at this rate.

DESCRIPTION Deep golden orange. Large sweet scented flower of stately habit; One of the most beautiful forcings and a grand bedder. Height 16 inches. Don't miss this half price bargain.
